

## Pedal Buddy Installation Instructions

**Step 1:** Screw the Pedal Buddy to the end of a broom handle, gently hand tighten the Pedal Buddy without over tightening

\*If it's too difficult to tighten by hand use crescent wrench or a 1" wrench to gently tighten the Pedal Buddy to the handle.

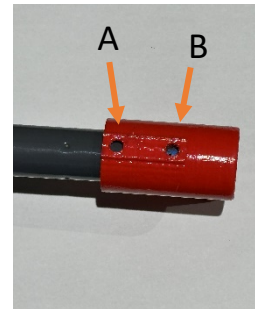

\* If you notice that Pedal Buddy loosens from the handle during or after use, please continue to step 2. If Pedal Buddy stays snug, continue to enjoy the comfortable instructor's position.

**Step 2:** Take the provided screw and screw it into the Pedal Buddy's

-Top hole "A" if the broom handle is wood

-Bottom hole "B" if the threads are plastic

**Step 3:** Enjoy teaching the student the pedaling motion without straining your back or body. See *How to use Pedal Buddy Instructions*
